LOKI

LORD OF MISCHIEF

From the team that brought you 'BOUDICA' & 'The Green Knight'

Loki is a wild force of nature, like fire or the sea.

A son of Asgard and the Land of Ice, Loki has the power to save or destroy. To bring joy or dismay. To be a hero or a villain. A trickster god with so much potential.

After the 'accidental' death of Baldur the Beautiful, Asgard's favourite God, Loki is taken to see The Norns by his Step-dad, Odin. The Norns look into Loki's future .. It's problematic to say the least. According to the Norns' prophecy, it is Loki's fate to bring about the end of everything. His family want nothing to do with him, fearing what he may become. Heartbroken, Loki is forced to go on the run.

But, Loki won't leave his life in the hands of fate. He won't play his part in their cosmic game. If there is one thing a trickster is good at, it's breaking the rules.

Join our would-be hero as he tries to change his stars. He will prove to everyone that he's more than his mischief. Besides, what's the worst that can happen? If he is destined to end the world, he's going to have fun while he's doing it.

Inspired by wondrous tales from Norse Mythology, visit a world of Gods and Monsters, and join Loki as he tries to save us all ... from himself.

Founded in 2019, Wild Geese Theatre Co. are an award-winning children's theatre company. All our work is interactive, giving children the chance to become part of the story and feel a part of the arts.

THE AUDIENCE EXPERIENCE

The Wild Geese Team have over 15 years of experience creating active and immersive theatre for children. With accessibility and inclusivity at the heart of everything we do, this epic tale incorporates interactive storytelling techniques that bring children into the world of the play. We put our audience at the centre of the action. We rely on audience contributions that range from playing key characters, to learning chants and actions. We want to ensure access to all children, regardless of ability, background or education. Inclusivity is at the core of what we do. To facilitate this, all of our performances are relaxed.
